

hotdate

Wizards and goblins and dwarves, oh my! If you and your pointy-eared pixie are fans of role-playing — in private or out in public — or if you're just looking for a fun, free and fey event to spice up your relationship realm, an opportunity for some sexy scenarios awaits you on **Worldwide Dungeons & Dragons Game Day**.

Take your warrior or wizard by the hand and head to **Bosco's** (2606 Spenard Road, 274-4112, www.boscos.com) at noon

Saturday for a fantasy fest of magical proportions. This is not your average game night — a treasure chest of features includes a special D&D adventure in Icewind Dale (the home of Drizzt!) for players of all experience points, giveaways, discounts for products and gear, and countless opportunities to work on your acting and dice rolling.

Once the fantasy fires are stoked, suggest taking a quest for nourishment at nearby **Organic Oasis** (2610 Spenard Road, 277-7882). The wide selection of organic beer and wine will help you bolster courage while the Endeavor juice (carrot, beet and cucumber) and a Vegan High Protein wrap will sustain you and your companion until you're ready to take the next step in your expedition — preferably a journey back to your home camp for a shared mug of mead and a cozy bedroll.

For more information, visit www.wizards.com/default.asp?x=dnd/4dnd/gameday. Call Bosco's to register and secure a spot — it's free to play and likely to be packed.
